ABOUT

Fullstack web developer proficiency in frontend. Love writing code and making it better. Even more fond of discovering new tools, ways and knowledge areas. Accurate, reliable, excellent at communicating with people.

Languages: Russian (native) and English (fluent)

Nationality: Russian, work permit: Russia and Bulgaria

WORK EXPERIENCE

FREELANCE WEB DEVELOPER

2022 - now

- Website development
- Creating comlex interfaces with Vue
- Making telegram bots
- Conceiving the idea together with the client, writing the work specification
- Determining the tech stack, finding and managing co-contractors
- Web servers administration

PREVIOUSLY

2012 - 2022

More than 8 years overall in journalism, management, NGO.

Last place of work (since 2019) — the Nobel-prize winning International Memorial foundation, where I was the executive editor of the "History lessons" online journal.

Details of my previous work experience can be found here (in Russian): https://tinyurl.com/3u5hyna3
